

CrewTRAIN

ONLINE ShipCEMS Maintenance Training

***During COVID19 it might be difficult to send our guys to help you,
but it won't stop us from providing world class service!***

Norsk Analyse has designed an online training program for your onboard crew to maintain and ensure reliable operation of the ShipCEMS analyser.

**Our training is scheduled to fit your port calls and operational schedule.
Your crew will receive real-time maintenance training and video support of
the most essential procedures ShipCEMS require.**

**Contact Norsk Analyse today for your dedicated training program and future
protection of a well-maintained ShipCEMS unit.**
